## ArtSpace Events: FALL CLASSES + WORKSHOPS

### Self Location Workshop with visiting artist Hjalmer Wenstob Oct 2023

This workshop invites participants to come together to learn from each other and from Nuu-chah-nulth artist Hjalmer Wenstob, to begin the important, albeit uncomfortable, conversations around cultural appropriation. Grounded in a Nuu-chah-nulth understanding of identity, place, land and home, participants are invited to first ground their perspective in their own introspection, through a written self-location writing exercise and complete the workshop with a block print.

### Eco-Printing: Making Anthotypes with visiting artist Tara Nicholson Sat + Sun from 1 to 4pm, Oct 28 + 29, 2023

Join visiting artist Tara Nicholson to explore the world of plant pigments and printing. This workshop will introduce participants to anthotypes, a zero-carbon, plant-based printing technique. Throughout this hands-on experience, participants will learn about the historical roots and contemporary resurgence of anthotypes.

## BRICK BUY BRICK CAMPAIGN

The fundraising campaign to build an arts centre in the Creston Valley is coming along nicely thanks to the generous donations from several local business and citizens. So far, we have raised just over \$11,000 towards our goal of \$300,000.

Our partnership with artsvest BC will support an additional \$4500 in matching funds in the coming weeks. **If you are a part of a business that could support our campaign and donate a minimum of \$200, please email [tiltedbrickgallery@gmail.com](mailto:tiltedbrickgallery@gmail.com) to find out more.**
